Dear Coach,

Cascade High School will again be hosting a team football camp this summer and would like to invite seven other schools. The camp will be organized and run by the coaches of the teams attending. We decided on a camp in July, nearer the beginning of OSAA practices, with the thought that the players will retain more of the technique and knowledge learned and exercised in the camp. The camp has the same theme as any other camp, but the emphasis will be on each school's opportunity to have unlimited team time with their own players. Cascade High School is located in Turner, Oregon and is only 15 minutes from Salem. We have a very large campus that will allow each team to have a full 100-yard field to practice on. This will also allow for special team practices that seldom get the work in camps due to limited practice facilities. Every team will have the opportunity to sleep over in the gyms or camp out in designated areas of the campus. We require our Cascade players attending this camp to make a choice as a team to camp out or sleep in the gym also. Past experience has shown me that our players have developed more of a football team concept when they spend day and night together for the camp. Meals will be provided by our school cafeteria.

We are a class 4A school with an enrollment of 750 students. Schools of any classification are invited to attend the camp. Ideally schools will have enough players attending to have Varsity and JV competitions. A big advantage of our camp is the price of \$125 per player is considerably lower than that of most other full contact camps. The quality of the camp will come from the coaches and players attending and the opportunity for endless team time. Since you will have a full football practice field available, it is a great chance to work Varsity and JV teams separately or offensive and defensive drills, without the hassle of congestion on the field.

The camp is scheduled to begin on Monday July 28 at 1:00 pm and will conclude on Thursday July 31 at 12:00 pm. We have included a daily practice schedule with evening team competitions. If your team would rather have more practice time than the team competitions, that will not be a problem. The last day of the camp will be half field team scrimmage competitions.

When: July 28 – 31, 2008
